MAPLE PLAIN CITY COUNCIL CREATES ROAD MAP

“All you need is the plan, the road map, and the courage to press on to your destination,” a quote from Earl Nightingale, was put into action by the Maple Plain City Council as they made the next step in creating a destination City at its recent strategic planning session.

Creating the plan in May 2014, the Council created a mission statement, vision statement, core values and objectives.

Mission Statement: To enhance the quality of life for current and future generations through strong leadership, effective stewardship and exceptional service.

Mayor Jerry Young, Councilmembers Justin McCoy, Mike DeLuca, Julie Maas-Kusske and Dave Eisinger

LETTER FROM INDEPENDENCE MAYOR JOHNSON

What a different winter we have had from last year. Remember how deep the snow was? I'm sure the eastern cities, like Boston, would be glad to trade this winter with us! Having a winter like this saves on wear and tear of equipment as well as dollars in the budget for labor and materials. Lets hope that we don't have a middle of May snow storm like last year.

The legislature is in session. Let's hope they don't spend all the surplus tax dollars collected on ongoing programs.

However a few things being considered would be a great help to our city:

1. Consideration to help cities with a population under 5,000 with road and bridge maintenance. **Johnson's Letter Continued on Page 3**

LETTERS FROM OUR CITY COUNCILS

ROAD MAP (CONTINUED...)

Vision Statement: Maple Plain will be a livable community recognized for its beauty, convenience to the Twin Cities, exceptional schools and its strong sense of community amongst residents and businesses.

Core Values: Compassion, Responsiveness, Transparency, Honesty and Integrity.

Become a destination City

The City Council will help achieve this by installing an electronic sign by the fire station. In addition to broadcasting local news, this will help market City events. Furthermore, the City continues its work with the Highway 12 Safety Coalition to help complete a safety audit. Staff is currently working on a lighting plan to install more lights along Highway 12. Another goal is to implement and award a grant through the Business Improvement Grant Program. This program is intended to provide some incentive to help businesses upgrade their façade.

Strengthen Relationships Between Citizens and Government

The City Council has already begun its "Attitude of Gratitude"; a program designed to recognize local residents and businesses for their participation in making Maple Plain a great community to live, work and visit. In addition, Council and staff are dedicated to being present and more visible in the community and surrounding communities.

Create and Maintain a Cost Effective Approach to Government

The City Council has made some great strides in this area by sharing services with the City of Independence. The two cities now share a newsletter and community festival. The Council is dedicated to looking at all services provided by the city and is working to create more efficiencies, while maintaining high levels of service.

Maintain a High Level of Public Safety

The Council is dedicated to its public safety and continues to work with West Hennepin Public Safety and the Maple Plain Fire Department to provide excellent levels of service. In addition, the City's participation in the Highway 12 Safety Coalition will improve public safety along Highway 12.

Maintain Infrastructure for Future Generations

Staff has completed a Pavement Improvement Plan, which will soon be approved by Council. Last year, the City completed a large construction project on Main Street West and Rainbow Avenue. That project will be completed this spring with the overlay of asphalt and some additional restoration work.

Create and Maintain a Thriving Business Community

Staff and the City Council will continue to work with the Chamber of Commerce to maintain visibility in the community. In addition, the Council will conduct business visits to local businesses. The intent of these visits is to learn what the City is doing well, what businesses need and what the City can do to help. Together the City Council and the Planning Commission will work to make zoning work for businesses.

While the City Council and staff understand that the above is only a road map of projects for 2015-2016, it is a starting place for the City.

UPCOMING EVENTS

LETTER FROM MAYOR JOHNSON (CONTINUED...)

2. Dropping sales tax on road and construction material or equipment purchased by a unit of government.
3. Reinstating the "This Old House" and "This Old Business" program which would encourage people with older homes/businesses to remodel/upgrade.

These programs would take away some ongoing State Revenue.

Also being considered is adding another \$10.00 (doubling) to our wheelage fee. Until the legislature adjourns in late May, many things could change.

The evening of April 14th is our City's Board of Review. When you receive your property valuation form, and if you feel that assessed value is not appropriate, you should contact the assessor. If you still have questions, you may make an appeal before the city council that night.

The Cities of Independence and Maple Plain have hired a consultant to be an "outsider" to make suggestions as to possibly doing more things jointly or even possibly considering, in the future, a merger. The only purpose for such action would be if we could provide better services and save money for our citizens. A subcommittee will review the report first before a presentation to the city councils. Depending on the subcommittee and councils' actions, we could implement some things, quit meeting, or move ahead with public meetings on the topic. In the mean time, "Think Spring".

Marvin D. Johnson, Mayor of Independence

PUBLIC SAFETY NEWS

IMPROVEMENTS TO WEST HENNEPIN PUBLIC SAFETY'S EMERGENCY OPERATIONS CENTER (EOC)

In 2015, a significant improvement was made to West Hennepin Public Safety Emergency Operations Center (EOC) located within its facility. This EOC serves both the Cities of Maple Plain and Independence and is the shared conference room between West Hennepin Public Safety Department and City of Independence.

West Hennepin Police Chief Gary Kroells recently used the Emergency Operations Center (EOC) to train Officer Lance Zilles and Administrative Assistants Lynda Franklin and Kim Curtis in regards to the Lake Area Emergency Operation Plan.

West Hennepin Public Safety Director Gary Kroells worked closely with Independence City Administrator Toni Hirsh and the City of Independence to coordinate the proper equipment and needs for this EOC to be compatible for any disasters that should occur within this jurisdiction.

Improvements to the EOC included an 80" projection screen with wireless HDMI, VGA and Apple Airplay capabilities and two TV monitors, also with HDMI capabilities. This equipment will allow multiple emergency management organizations to work effectively within the command center and provide real-time reports back to the command center.

These improvements will serve all of the presentation and training functions needed for our organizations from today and well into the future.

The upgrades to the Conference Room/EOC were approved and funded by the Independence Council. The EOC is now fully operational and functional.

As always, Orono Community Education has plenty of options for kids to stay engaged, including academic classes, sports camps, fine arts and crafts, science and nature, field trips and more! The afternoon Summer Playground Program will be offered again this summer at Holbrook Park in Long Lake and Rainbow Park in Maple Plain.

ROAD RESTRICTIONS: EFFECTIVE MARCH 15, 2015

Each spring, the City of Independence implements road restrictions on City roads.

City roads that are paved are restricted to a maximum of five-ton per axle weight.

City roads that are gravel are restricted to a maximum of four-ton per axle weight.

The City's road restrictions DO NOT coincide with the State and County time frame. Weight restrictions are usually in effect early spring through mid-May; nonetheless, weather conditions will ultimately determine dates. These restrictions are necessary to prevent damage to the roads.

DOG LICENSES

Don't forget to purchase a lifetime license for your dog for only \$20.00 at the Independence City Hall. Applications can be downloaded from the City of Independence website and mailed in with a copy of your pet's vaccination records.

MAPLE PLAIN LEGION AUXILIARY

MAPLE PLAIN AMERICAN LEGION AUXILIARY ADDING NEW MEMBERS

We are looking to add new members to our local ladies group which meets monthly at the Discovery Center. Our goal: to serve our Veterans.

Eligibility

The mother, wife, daughter, sister, grand-daughter, great-grand-daughter, or grandmother of members of The American Legion, and deceased veterans who served in the United States Armed Forces during the listed war eras.

What we do

Over the years, The American Legion Family has influenced considerable social change in America, won hundreds of benefits for veterans, helped military families through transition and produced many important programs for our country's youth. We know that military service is a sacrifice for the whole family, so ALA members quietly look for ways to ease the burden—whatever it takes to get that family back on their feet physically, mentally, socially and vocationally. If we don't have the resources, we connect military families with our partners who do.

Mission Statement

In the spirit of Service, Not Self, the mission of the American Legion Auxiliary is to support The American Legion and to honor the sacrifice of those who serve by enhancing the lives of our veterans, military, and their families, both at home and abroad. For God and Country, we advocate for veterans, educate our citizens, mentor youth, and promote patriotism, good citizenship, peace and security.

Vision Statement

The vision of the American Legion Auxiliary is to support The American Legion while becoming the premier service organization and foundation of every community providing support for our veterans, our military, and their families by shaping a positive future in an atmosphere of fellowship, patriotism, peace and security.

Please contact either Gretchen Meyer at 952-473-3530 or Suzanne Bernards at 763-479-3708.

MEMORIAL POPPY DAY FOR VETERANS - MAY 15TH

Seven million memorial poppies are distributed each year by American Legion Auxiliary members across the country to raise awareness and raise funds to help veterans, military service members and their families.

All poppies are made by veterans and 100% of the proceeds go to veterans and to active duty service members and their families who demonstrate a financial or medical need.

On May 15th, when you see veterans standing near that store holding a red poppy, please donate to them and wear the poppy proudly on your coat.

Donations are also accepted from local businesses - please contact Suzanne Bernards at (763) 479-3708 for information. Thank you.

CITY OF MAPLE PLAIN NEWS

CITY OF MAPLE PLAIN AND WEST HENNEPIN CHAMBER OF COMMERCE WELCOMES A NEW BUSINESS: MINNESOTA BEEF COUNCIL

On March 20, the West Hennepin Chamber of Commerce and the City of Maple Plain welcomed the Minnesota Beef Council to the community with a ribbon cutting ceremony.

The Minnesota Beef Council is now located at 5469 Highway 12.

ROAD RESTRICTIONS IN PLACE UNTIL FURTHER NOTICE

The City of Maple Plain sets weight restrictions to roads to prevent the deterioration of roads. Road restrictions will began Monday, March 16, and will be set until further notice. Refer to City website for complete details. All City streets have a 4 ton limit, unless otherwise posted. For more information call Public Works at 763-479-0525.

MAPLE PLAIN HEART SAFE INFORMATION UPDATE

Each year 425,000 people suffer from sudden cardiac arrest. The average survival rate of a cardiac arrest is 5 percent. But, if the victim receives CPR and a shock from a defibrillator within the first two minutes, chances of survival jump to 85 percent.

Over the past year, Co-Chairs Julie Maas-Kusske and Carol Cheswick have made it a priority to teach those who live or work in Maple Plain how to do hands-only CPR and how to use an Automatic External Defibrillator (AED). AEDs use prerecorded voice instructions to walk users through all the steps of CPR.

In the year 2014, several training sessions were held and the West Hennepin Chamber hosted its first training session for 2015 on February 26. Additional trainings will be held throughout the year. Training is available to all residents, including children age 11 and up. You are encouraged to be a part of this Heart Safe Community by attending a training session.

For those of you who have already attended, we thank you. You may attend any upcoming sessions as a refresher course. Also, training will be provided to groups (boy scouts, girl scouts, snowmobile clubs, churches, etc.). If interested, please contact us:

SPRINGTIME MEANS HYDRANT FLUSHING AND POTHOLES

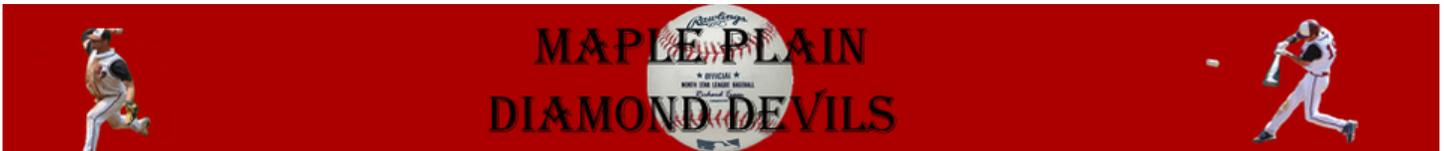

Springtime is the season of potholes. Public Works will repair the potholes in an efficient and effective manner. If you notice potholes that need to be fixed, please call Public Works at 763-479-0525.

Each year, public works flushes the fire hydrants to ensure their reliability and to remove any mineral buildup in the system. Though flushing may occasionally discolor the water for a few minutes, it is safe to drink.

Residents may notice discolored water for a short period after nearby hydrants have been flushed. Although the water is safe for consumption, you may want to reschedule laundry or other work that may be affected by the discolored water. If the water is discolored, run your water until it is clear. This may take a few minutes. For more questions, call public works at 763-479-0525.
